

Through Mt. Zion's partnership with Undue Medical Debt, the church forgave

**\$4,826,770.46** for **5,317** residents in Anderson, Greenville, Pickens, and Oconee counties!

*"I was pleasantly surprised when I found a letter from Undue Medical Debt in my mailbox. Like many, I ignored my debt because the cost was too much in the face of greater priorities. It was easier just to resign to the idea that it would never be paid. The Forgiven to Forgive campaign was one of those things that makes you point at it and say, 'that's my church, that's the kind of community we are and I can't be more excited to be a part of it.' Yet, I was still surprised to receive my letter because I was aware of being outside of the expected reach of the original goal. But 'little is much when God is in it' and the whole campaign overflowed. It's a relief to know that there is one less hurdle to jump over as I work towards greater financial stability. I am incredibly grateful for and immensely proud of Mt. Zion and its undaunted spirit."*

*“Salkehatchie has been a great experience. I have met and helped a bunch of new people. It is amazing how everyone works together for a stranger at the beginning of the week, but by the end of the week you get to know the homeowner and their story. It’s always fun seeing the homeowner’s reaction to the final results, and it gives you a sense of accomplishment and pride.”*  
Quint Cumbie, youth participant

*“Salkehatchie taught me a lot and made me realize how fortunate I am. Being able to help people by fixing their houses really made a big difference to the homeowners. Even the smallest things to us made them happy, because they were big things for them. It really helped me to step out of my comfort zone a little bit and made a big impact on me and the homeowners.”*  
Braelin Cumbie, youth participant
